

# CP23 (CREP-including the buffer)

## CRP Mid Contract Management

Name: \_\_\_\_\_

See attached aerial photo for areas to be treated.

Field(s): \_\_\_\_\_

Tract: \_\_\_\_\_

CP23 (CREP-including the buffer) — For contract more than 12 years in length, apply MCM in years 5, 7, and 9. **(choose one)** Fire is an inappropriate tool for organic soils. You must check with NRCS before burning. \* For 23, MCM is required for the wetland and buffer unless the area is inundated by water during the prescribed time frame for conducting MCM activities.

	MCM Options	Field #	Acres
	Disk		
	Disk & Interseed		
	Burn		
	Burn & Interseed		

Begin MCM in \_\_\_\_\_.
